Most Certainly Try

Founder, Engagement Strategy & Digital Resource Design

October 2025–present

Develop independent research and digital resources from requirements through public launch, source review, documentation, and updates. Current work includes conservation field guides, ecoregion mapping, and observation tools.

Patients & Purpose · Omnicom Health Group

Social Media Specialist

January–October 2025

Coordinated communications across strategy, creative, account, and compliance teams in a regulated healthcare environment. Translated complex health information into audience-appropriate content.

Kappa Toys

Strategic Growth Manager

2023–2025

Built operational, digital, and experiential marketing capabilities for retail stores, pop-ups, events, and partnerships. Coordinated vendors, landlords, license holders, manufacturers, and internal teams; produced activations at Mall of America, Houston Galleria, and RuPaul DragCon.

Morgan Stanley

Digital Product Owner / Digital Program Manager

2018–2023

Worked on technology asset inventory and E*TRADE–Morgan Stanley merger programs. Coordinated requirements across technology, operations, risk, compliance, finance, and support; created onboarding processes, internal websites, training, and operational documentation.

Independent consulting

Strategic Growth & Program Management

2015–2018

Managed digital resources, vendor relationships, live events, and cross-functional delivery. Coordinated distributed creative, marketing, and technical teams around schedules, requirements, and delivery quality.

DDB

Director of Digital Operations / Client Services Management

2012–2015

Aligned statements of work, resource plans, client relationships, and delivery with business priorities. Managed digital engagements across teams and locations and established operational practices.

Mutual Mobile

Director, Account Management / Internal Communication

2009–2012

Partnered with executive and client teams to define product goals, manage expectations, and guide mobile and web delivery. Led U.S. and overseas teams and launched more than 30 iOS and Android applications.

Independent consulting

Information Development & Technical Writing

2000–2009

Created technical documentation, workflows, training materials, and curricula with enterprise, healthcare, and financial subject-matter experts.

Education & community leadership

Bentley College · B.S., Information Design & Corporate Communications, 2001.

Past President, Society for Technical Communication, New York Chapter. Moderator at SXSW and Austin Startup Week.

Working methods

Source verification, requirements, process documentation, cross-functional planning, public-facing writing, HTML/CSS, AI-assisted workflows, and lightweight automation.
